

THE SHAKERS' IDEAS OF MEDICINE.

Now a days when a man goes to his doctor, he is usually told that he has some unheard of disease, with a long name, and when he leaves the office he does not know whether it is St. Vitus' Dance or consumption that is gradually undermining his health.

It is therefore refreshing to talk with the Shakers, for their very simplicity commands confidence and respect, and we have the further satisfaction of knowing that their heads devoted themselves to the study of disease and its cure for more than a hundred years.

The venerable old man whom the writer saw was only too glad to discuss his pet subject. He said that strange as it might seem, very few doctors realized that three-quarters of the most prevalent diseases were all attributable to faulty digestion.

He then went on to say that a child of average intelligence knows that putrid meat or decaying vegetables are poisonous, and must be avoided, and yet these same foods, even if taken into the stomach in the freshest possible condition soon decompose unless digested and absorbed.

In such cases the resulting poisons enter the system, and when aches and pains, weakness and debility soon follow as a natural consequence.

It was recognition of this that led the Shakers to devote their energies to the perfection of a product which would stimulate the digestive organs and assist them to perform their proper work.

The first symptom of disordered digestion is loss of appetite, and the Shaker Digestive Compound is wonderfully efficient in supplying any deficiency in this respect, at the same time it relieves all distress after eating. Furthermore, as was carefully explained by our venerable friend, it is absolutely harmless.

Better evidence of the Shaker's confidence in it could not be found, than the fact that they have placed 10 cent sample bottles in the hands of all druggists, assured that if once tried it will produce such immediate and marked benefit that it will be continued.

KOBLEGARD-HURST.

A Brilliant Wedding at Huntington Unites Two Prominent Families.

Special Dispatch to the Intelligencer.

BUCKHANNON, W. Va., June 1.—The home of Major and Mrs. John L. Hurst was the scene of a brilliant event this evening, being the marriage of their daughter, Miss Marian Rebecca to Mr. P. H. Koblegard. The ceremony was performed by Rev. A. Mick, pastor of the M. E. church, and was witnessed by a large crowd of the friends and relatives of the contracting parties.

The guests were received by Major and Mrs. J. W. Heaver and Mr. and Mrs. C. L. Barlow, to-day being the twenty-fifth and fiftieth anniversaries, respectively, of their marriages. On this occasion as on all others, the guests of "Maplehurst" were royally welcomed.

The bridal party, consisting of the bride and groom and Messrs. J. Frank Latham, of this place, D. M. Timberlake, of Weston, and E. S. Wallis, of Clarksville, attendants; and Misses Lella Rapp, of Washington, D. C., Gay Brown, of Morgantown, and Carrie Maxwell, of Harrison county, maids of honor, proceeded from the second floor to the front parlor, where they were met by Rev. Mr. Mick, who with the beautiful and impressive ritual of the M. E. church, pronounced the happy couple man and wife.

The bride was attired in white satin, trimmed with duchess lace, and as ornaments wore pearls and diamonds, the gifts of the groom. The bridesmaids wore white organdie gowns, while the gentlemen were dressed in the conventional black, full evening dress.

Prior to the ceremony a wedding hymn, "The Voice That Breathed O'er Eden," was sung by Mesdames C. L. Barlow and U. G. Young and Misses M. E. O. Pendell and Persis H. Heermans. While the ceremony was in progress, Mrs. T. G. Young played softly the strains of "Heart's Delights."

After the congratulations of the friends had been extended, a bounteous repast was enjoyed by all present. Mr. and Mrs. Koblegard leave to-morrow morning for a wedding trip, which will probably last a month and on their return will occupy the new home on Main street, which is the gift of Major Hurst to his daughter. The presents from others were handsome tokens of the esteem in which these popular young people are held.

AWFUL EXPLOSION.

Five Miners Horribly Burned at the Back Ridge Mine.

SHAMOKIN, Pa., June 1.—Five miners were horribly burned by an explosion of gas at the Back Ridge colliery to-day. Two of them are dying from their injuries and there is slight hope of the recovery of the others. The victims are:

George Faust, frightfully burned about his entire body; cannot recover. Samuel Faust, a brother of the first, burned about hands, face and body; recovery doubtful. Thomas Thompson, burned from head to foot; will die. Daniel Schmetz, burned about head, face and upper part of body; may recover.

Seven other workmen who were within twenty-five yards of the injured men escaped without injury. The men were employed in No. 9 vein, which was known to be full of gas. They proceeded cautiously and were using safety lamps, while brushing the gas from the chamber. Suddenly there was a loud explosion and the five men were hurled to the floor, surrounded by flames. Had it not been for the proximity of their fellow workmen they would all have been killed. They were carried to a place of safety before the deadly afterdamp had time to accumulate.

The mine is owned and operated by the Reading Coal and Iron Company and is located about four miles from this place.

WAS UNANIMOUS.

River and Harbor Committee's Action on the President's Veto.

WASHINGTON, June 1.—The house committee on rivers and harbors to-day decided to recommend to the house the passage of the river and harbor bill over the President's veto. There was no difference of opinion between the Republican and Democratic members of the committee on the main question, and although no formal vote was taken the decision was unanimous.

There was an attempt in the committee to have the bill brought up in the house to-day, but the assurance given by Representative Herman that the bill would be called up Tuesday prevented such action.

Burglars at Huntington.

Special Dispatch to the Intelligencer.

HUNTINGTON, D. C., June 1.—Several tickets to Parkersburg and Ravenswood were stolen from the Ohio River ticket office, as well as money, last night. Burglars also entered the hat house of J. Newberry & Company and carried away a large quantity of goods. Andrew Hopkins and Alex. Smith are under arrest and it is thought others are implicated.

Reserve Agent.

Special Dispatch to the Intelligencer.

WASHINGTON, D. C., June 1.—The controller of the currency has approved the Seaboard National bank of New York City as a reserve agent for the Farmer's and Producer's National Bank of Sistersville.

Riot at Cairo.

CAIRO, June 1.—Serious disturbances have taken place at the Moslem university mosque. Some sanitary officers attempted to visit the school, where a case of cholera had been reported. The students opposed the entrance of the officers and the governor of Cairo and other government officers were summoned. The students stoned the police. The disturbance was finally quelled.

The Walling Trial.

NEWPORT, Ky., June 1.—The second week of the trial of Alonzo Walling for the murder of Pearl Byron opened with the usual large attendance. The examination of medical experts was continued, but no other information about the decapitation more fully and clearly than in the trial of Scott Jackson.

Grain Shovelers Strike.

BUFFALO, June 1.—Grain shovelers' local union No. 51, of this city, went on strike to-day for an advance in wages from \$1.80 to \$2.00 and a 50 cent day. They also declare for no Sunday work and for the privilege of employing their own time keeper and want to be paid at the elevators and not at saloons, as heretofore.

Mr. Clarkson Seriously Ill.

NEW YORK, June 1.—James S. Clarkson, of Iowa, is seriously ill in his apartments at the Fifth Avenue Hotel. Mr. Clarkson has been ill for several days of a serious nature. Last night, however, he was reported to be in a dangerous condition. He is suffering from heart trouble.

Breadstuffs and Provisions.

CHICAGO—Wheat to-day suffered a decline of 15c from Friday's closing figures and this in spite of the market bull news in circulation. A general disposition to unload and the big break at Minneapolis were the chief reasons for the weakness. Corn and oats were both affected and declined 5c each. Provisions made fractional recessions.
